STAGE

Venues without PA:

We bring our PA and lights. We only need power supply, one for the sound equipment, one for the lights.

Venues with PA:

We bring our backline, microphones and stage mixing console (Allen&Heath QU-5D) in order to manage our IEM mixes.

Three options for the PA:

- 1/ get the separate signals via Dante (Ethernet cable not provided).
- 2/ get the separate signals via the consoles Aux outputs.
- 3/ use the master outs from our console and mix via our tablet.

Soundcheck: 1:30h in total.

WEATHER

If playing outside, arrange for protection for the stage in case of rain or extreme heat

CATERING

Meals: provide balanced meals, including a vegetarian option. If soundchecks take place in the morning, provide lunch as well.

Drinks: provide two drinks per hour for each musician and any technical crew members.
